WORK EXPERIENCE

FOOD ASSISTANCE & AREA PROGRAMME MANAGER, FOOD ASSISTANCE & RESOURCES MANAGEMENT

World Vision International, South Sudan Programme – Warrap State | June 2026–Present

Purpose of the position

Purpose of the position Lead the design, planning, and implementation of donor-responsive food assistance programmes, provide overall leadership, technical oversight, and management of Food Assistance and WVSS Programme activities in Greater Tonj and Gogrial East, ensuring the effective planning, implementation, team supervision, managing budgets, monitoring, and reporting of nutrition and school feeding interventions in compliance

with WFP and World Vision standards, while contributing to resource mobilization, stakeholder engagement, and improved access to humanitarian assistance for vulnerable communities in Warrap State.

Key Responsibilities:

- Develop and submit donor-responsive food assistance proposals and programme plans.
- Oversee implementation of school feeding programmes, ensuring coverage of 34,958 beneficiaries across 78 schools, and 102,347 disaster-affected people supported with in-kind food assistance in Tonj.
- Act as Project Manager for Food Assistance programmes, providing strategic leadership for GFD, BSFP, and CVA initiatives.
- Manage a one-million-dollar programme budget and cash transfers, ensuring transparent, timely, and accountable disbursement.
- Supervise field officers, monitors, and logistics staff, including capacity-building and performance management. Coordinate with government authorities, UN agencies, and NGOs to harmonize programme delivery and reporting.
- Monitor programme performance, analyze data, and produce reports for management and donors.
- Integrate holistic Faith and Development approaches into programme planning and delivery. Key

Achievements:

- Successfully managed food and cash assistance programmes reaching approximately 314,913 beneficiaries supported under GFD, Blanket Supplementary feeding programme, in-kind & CBT school feeding, and Asset creation & livelihood over the last 3 years.
- Oversaw distribution of food commodities and cash transfers worth USD 16,901,068.45 ensuring compliance and accountability over the last two fiscal years.
- Strengthened monitoring, reporting, and post-distribution verification systems, reducing discrepancies by over 70%.

SCHOOL FEEDING PROGRAMME OFFICER, FOOD ASSISTANCE & RESOURCES MANAGEMENT

World Vision International, South Sudan Programme – Warrap State | 2023-May 2026

Purpose of the position

Developing Donor-responsive Food Assistance proposals, overseeing and ensuring the quality implementation of school feeding programmes at the State level, coordinating with stakeholders, monitoring activities, training staff and volunteers, analyzing data, fostering community participation, and managing logistics to ensure compliance and sustainability.

FIELD COORDINATOR (GFD+, SCHOOL FEEDING, FFA), FOOD ASSISTANCE & RESOURCES MANAGEMENT

World Vision International, South Sudan Programme – Warrap State | Feb 2022-March 2023

Purpose of the position

The purpose of the Food Assistance Field Coordinator is to oversee the effective implementation of General Food Distribution, School Feeding, and Asset Creation and Livelihood programmes (FFA). This includes coordinating food assistance efforts, ensuring timely distribution and value-added solutions, monitoring programme activities, and supporting community-based initiatives to enhance food security and sustainable livelihoods. The Field Coordinator also ensures compliance with donor standards, fosters community participation, and collaborates with partners to achieve programmatic goals.

LASTMILE LOGISTICS ASSISTANT (LESS/LMMS/ITS/CTS/TRANSPORT), FOOD ASSISTANCE & RESOURCES MANAGEMENT

World Vision International, South Sudan Programme – Warrap State | Jan 2021 – Feb 2022

Purpose of the position

The purpose of the Food Assistance Logistics Assistant is to support the execution of logistics operations by managing last-mile mobile solutions, tracking systems for items and country commodities, and overseeing transportation logistics. The role ensures the efficient movement and delivery of food assistance, maintaining accurate tracking and

reporting systems to guarantee timely and compliant distribution, while contributing to overall programme success through effective logistics management.

FIELD COORDINATOR (HUMAN CAPITAL DEVELOPMENT/GFD+), FOOD ASSISTANCE & RESOURCES MANAGEMENT

World Vision International, South Sudan Programme – Warrap State | 2018 – 2020

Purpose of the position

The purpose of the Field Coordinator is to oversee the implementation and coordination of Human Capital Development initiatives through School Feeding programmes, and General Food Distribution (GFD+) at the field level. This includes managing programme activities, ensuring effective delivery of food assistance, fostering community engagement, and supporting capacity-building efforts to enhance the well-being and development of vulnerable populations. The Field Coordinator ensures compliance with standards, monitors progress, and collaborates with partners to achieve sustainable outcomes.

RESEARCH, MONITORING & EVALUATION ASSISTANT, FOOD ASSISTANCE & RESOURCES MANAGEMENT

World Vision International, South Sudan Programme – Tonj North County | 2016–2017

Purpose of the position

The purpose of the Food Assistance Research, Monitoring & Evaluation Assistant is to support the design, implementation, and analysis of research, monitoring, and evaluation activities for food assistance programmes. This includes collecting and analyzing data to assess programme effectiveness, track performance, and ensure compliance with donor and organizational standards. The role contributes to decision-making and continuous improvement by providing accurate insights and reports, supporting the monitoring of key outcomes, and ensuring that food assistance initiatives are impactful and aligned with strategic objectives.

HEALTH & NUTRITION MONITORING ASSISTANT/FAITH & DEVELOPMENT FOCAL POINT,

World Vision International, South Sudan Programme – Tonj North County | June 2015

Purpose of the position

The purpose of the Health & Nutrition Monitoring Assistant/Faith & Development Focal Point is to support the monitoring and evaluation of health and nutrition programmes, ensuring the effective delivery of interventions that address acute malnutrition and improve community health outcomes. This role also integrates faith and development approaches, fostering collaboration between health initiatives and faith-based community engagement. The Assistant ensures data collection, analysis, and reporting, while promoting the integration of holistic, faith-driven values in programme design and implementation to achieve sustainable health and nutrition impacts.
